

Cigar Masters - Private Events

Cigar Masters can host a variety of different events that can take place inside or outside Cigar Masters. Event pricing and structure is determined by the type of venue you wish to have. Each event (and its budget) is unique and therefore each event is approached individually for pricing. Cigar Masters will focus on your specific needs and budget to make sure you maximize your dollar and the time spent with us.

There are a variety of formats and ideas that Cigar Masters provides when hosting an event. An event specialist will customize your function and work with you from start to finish. While there is no fee for this specialist, we do require that all tobacco products be purchased through Cigar Masters to avoid any additional charges.

Cigar Masters is a respected authority on fine cigars and is proud to bring the education and delight of these wonderful products to your next function. Please contact us for further information and to assist in planning your next memorable event.
